Many of our products' dimensions can be accessed through links at FIRESIDE-DESIGNS.COM

Measure your hearth.

It pays to have a helper with you to hold the ruler/tape and write down the measurements.

→ Measure twice, as a small variance may make a difference and you'll need to do it again. ←

Distance from Firebox to Mantel

Height from hearth to the top of the opening

Front width

Depth from back to front

Back width

Height of hearth from floor

Depth of hearth-front from fireplace opening

Chimney Height

Special Features/Notes _____

↑ Chimney Height ↓
